

Packington Men's Group (PMG)

Surprise Presentation to Rick Melville, whose 15 years as founder and leader of the Men's Group was commemorated on 14th February by the presentation of a Silver Salver and a Carriage Clock, subscribed-to covertly by all PMG members, and inscribed to record his sterling achievement for posterity. Incoming chairman David Fill was praised by Rick, who declared proudly that the Men's Group was now "in very good hands." David is here seen behind Rick with the presentation card signed by all contributors.

Modern Genealogy Tools was our topic on **Thursday 14th February** in the Church Room, when 23 members heard an illustrated description by Robert Dilworth of how modern information tools and the internet bring family research documents to the comfort of our own homes, instead of needing expensive journeys to Somerset House or National Archives.

Thursday 6th March 2008 is our re-scheduled meeting on the topic of **Homeopathy**, at **Yew Tree Farm, Normanton Road** with thanks in advance to Brenda and Brian Moorhouse. Member's Ladies are also invited. Lady guest speaker, **Sue Miles**, will describe a complementary therapy

that treats symptoms of illness with very dilute preparations. It's sometimes possible to obtain homeopathic treatment through the five NHS homeopathic hospitals in the UK - but homeopathy has also been mildly controversial, so

this should be a lively talk. ***Please let Mike Taylor know, in advance, on 414862 if you and your lady can come, for seating planning.***

Next date for your diary: **Thursday 10th April 2008, 7.30pm, at 17 The Grange, "A Masonic Insight"**, guest speaker **David Jackson**.

Members' views, and new members, are always welcomed - please contact

David Fill	Chairman	560228
Mike Taylor		414862
Wally Instrall		416786
Clifford McKee		563099
