

Packington Men's Group (PMG)

The **PMG Annual August Breakfast** was a specially memorable and tasty event this year. At the **National Memorial Arboretum**, twenty of us hungrily devoured our full English breakfasts, then wandered the various memorial groves in nice bright sunshine. The on-site chapel was packed for a moving Service of Remembrance, and we rounded off our day at the awesome new Armed Forces Memorial, whose walls bear the names of those who have died on duty since World War 2. Another 102 names were added recently for 2007 - a sombre reminder of the high price of our liberty. Our thanks to those who drove their cars, and to Wally for selling those tickets.

On **Thursday evening 11th September, at 7.30pm**, "**Aviation as it was**" is the title of a talk by **Clifford McKee**, our very own aerodynamicist, well-known for his vibrant personality and humour. Expect a fascinating insight into the high-technology world of aviation. Our thanks in advance to Clifford and Myna for the use of their home, our venue.

Date for your diary: Thursday 9th October, at 2pm - a guided afternoon visit to Ashby Museum .

Ideas for future events are welcomed by the committee, as are new members. Please contact
