

Packington Men's Group (PMG)

In October sunshine, nineteen PMG members made an afternoon visit to the Snibston Discovery Park in Coalville. Our guide Bryan

Hallam, pictured above, (white helmet), a former mine supervisor, brought vividly to life the vista of historic deep mines in this former colliery, using an array of real mining equipment to describe how local coal was won from the land beneath our feet. We then enjoyed the large interactive museum with its well-cared-for exhibits showing and explaining the history of engineering and technology.
