

Packington Men's Group (PMG)

In **August 2010**, 16 of us sat down for a **Full Leicestershire breakfast** at our special local village restaurant, the Bull and Lion.

Led by **Sue Andrews**, who with husband Stuart owns this famous village landmark, the B&L team again provided us with a first-class meal, with all the trimmings - and even second helpings. We were privileged to have among us an **eminent Guest Speaker, the Very Reverend Vivienne Faull, Dean of Leicester**, who described just what a Dean does, and how she became one. In an amazing aside, she noted that she turns for guidance on church matters to

revered ancient books - those by Anthony Trollope! **On Thursday 9th September 2010 at 1pm** we leave for a **visit and guided tour of the National Brewery Centre at Burton upon Trent**. This much-

revamped heritage attraction has a brewing museum where live character performers will serve us real ale - 4 tastings are part of the £6.50 price of the visit. The transport museum and coffee shop, are

additional attractions. **Please tell David on 560228 if you can come, by Monday 6th September, and say if you need or can offer transport. On Thursday 14th October** we go **"Up before the Beak"** to hear an **evening talk** about **The Life of a Magistrate** - arranged by a well-known Packington resident who is one!
