

## Packington Men's Group (PMG)

In **April**, 13 members toured the **Abbey Pumping Station** guided by **Emma Williams** of **Leicester Museum's** volunteer **Technology Association**. Her excellent description of the

four massive beam sewage-pumping engines gave us insight into a major public health triumph: how, here in our own local city, just over a century ago, infant mortality rates were drastically reduced

On **Thursday 12th May, leaving at 11:45am**, our Annual Lunch is at the **Gelsmoor Freehouse Restaurant** just five miles away. We have a relaxed, waiter-service, sit-down two-course meal: a starter of Soup with Roll and Butter, a choice of set main courses including Fish or Gammon or Steak-&-kidney Pie, with free wine or fruit juice at table. The price of £10 is payable in advance, and you need to pay and make your choice of main course and drink preference by 5th May. **RSVP - Please quickly contact Robert by email or by phone 411673 - especially if you can't come!** Please say if you need or can offer transport.

**Date for your diary: Thursday 9th June we leave at 6:45pm** for our **Annual Summer Evening Stroll**. Mike and Geoff well deserve their reputation for fine choices of walking or strolling routes that very much suit our PMG demographic profile, and this year is likely to see their reputation enhanced again leading to a convivial venue for further socialisation.

*For more information about PMG - see the front of this Parish News, or the website "packington dot info".*
